## Hiking/Trekking

-Hiking KORABI MOUNTAIN (Hight Top 2763 m, Biggest in the Ballkan)\*

### \*Hiking Trip

Korab is the highest peak in Albania and in the 4 highest peaks of Balkans. Reaching the Summit from Radomira, we need to follow a trail of a 16.3 KM (Round Trip). The Maximum Elevation Gain is 1490 m.

The trail to the Peak of Korab is an intensive and diverse trail. On our way, the top we would walk through the whole biodiversity starting with the ancient oaks, which are offering a show of colours depends on the season. The trail continues in between pine trees and finally, we reach the mountain grass section where some local shepherds have build up their seasonal huts and take care of their sheep, providing amazing fresh cheese and dairies.

Several Stops on the way for picknick lunch and refill water.

From the top of Korab we will have an amazing view of the stunning nature of all the area and learn more about some merchants streets of how people use to travel and migrate back in the days. Hike back to the village on the same trail

- 6 – 9 Hours trip (dipend of the group)
